

Global sourcing, done on the factory floor

Kaitar USA finds, verifies and manages manufacturers in China, Japan and Southeast Asia for companies around the world, inspects the goods and delivers them to your door, with one accountable US partner from first quote to final delivery.

SERVICES

One partner for the whole supply chain

Supplier search and verification

Supplier search, factory visits, background checks, quote comparison.

Quality control and inspection

Sample review, checks during production, pre-shipment inspection to ISO 2859-1.

Order and production management

Samples, written terms, supplier payments in local currency or USD, production follow-up.

Shipping, customs and certification

Sea, rail and road freight; EAEU customs; EAC and PSE certification.

Private label and product development

Specification, branded and local-language packaging, labels and manuals.

Market entry and e-commerce

Research, partners, marketplaces: Kaspi, Uzum, Wildberries, Ozon, Amazon.

OUR STANDARD

Factories visited

Samples before orders

Inspected before shipping

Certified for your market
